## BUREAU OF ANIMAL INDUSTRY

JUNE 1939

[This publication is issued monthly for the dissemination of information, instructions, rulings, etc., concerning the work of the Bureau of Animal Industry. Free distribution is limited to persons in the service of the Bureau, establishments at which the Federal meat inspection is conducted, public officers whose duties make it desirable for them to have such information, and journals especially concerned. Others desiring copies may obtain them from the Superintendent of Documents, Government Printing Office Washington, D. C., at 5 cents each, or 25 cents a year (foreign, 60 cents). A supply will be sent to each official in charge of a station or branch of the Bureau service, who should promptly distribute copies to members of his force. A file should be kept at each station for reference.]

## RECONDITIONING CANNED MEATS DAMAGED BY WATER

The Bureau has recently found it necessary to condemn a considerable quantity of canned meat and product which had been submerged in floodwater. Due to delay in rehandling, the cans had become badly rusted. To prevent recurrence of such a circumstance, as well as in keeping with good sanitary practice, hermetically sealed cans of meat or meat product which have been submerged in or wetted by water should be rehandled promptly, following the general procedure here outlined:

1. Separate and condemn all cans which show an extensive degree of rusting or corrosion, such as might materially weaken the tin, as well as any swollen, leaky, or otherwise suspicious cans.

2. Remove labels and wash the cans in warm soapy water, using a brush where necessary to remove rust, immerse in a solution of sodium or calcium hypochlorite, or other approved sterilizing solution, and rinse in fresh water and dry thoroughly.

3. After washing and drying, the cans may be relacquered, if necessary, and then relabeled with approved labels applicable to the product contained in them.

4. When more than one product is involved, the identity of each shall be maintained through separation, marking, or otherwise, throughout all stages of the rehandling operation, to insure correct labeling of the rehandled cans.

William Roblenski, Providence, R. I., \$25 fine.

#### PROCEEDINGS UNDER THE PACKERS AND STOCKYARDS ACT

*Docket No. 311.—In re L. B. Andrews Livestock Commission Co., et al., Kansas City, Mo.* On June 20, 1939, the Secretary of Agriculture signed an order in which he prescribed a schedule of commission rates for selling and buying livestock at the Kansas City stockyards which he found would have been reasonable for the agencies to have charged during the period from July 23, 1933, to November 1, 1937. In his order the Secretary stated that the rates found to be reasonable would afford a basis for the Federal district court to determine the appropriate disposition of funds impounded with the court during the period of litigation in this case, which amount to approximately \$600,000. The present order corrects defects which the Supreme Court found to exist in a previous order which resulted in a finding by the Court that the order was invalid.

*Dockets Nos. 553, 554, and 555.—In re New Jersey Coop Co., Inc., New York Live Poultry Trucking Co., Inc., and New York Coop Co., Inc., Hoboken, N. J.* On June 22, 1939, the Secretary of Agriculture issued an order denying a petition for modification of the previous orders prescribing reasonable rates for the furnishing of coops and the trucking of live poultry by respondents in the metropolitan area in New York. The Secretary further ordered that his previous orders in these cases, as modified, remain in full force and effect. The result of this action is to maintain a rental rate for coops of 65 cents each, which is the rate being charged at present by respondents for this service.

*Docket No. 1159.—In re Great Western Livestock Commission Co., Los Angeles, Calif.* The Acting Secretary of Agriculture on September 7, 1938, issued an inquiry alleging that respondent had engaged in and used an unfair and deceptive practice and device in violation of the Packers and Stockyards Act, in that it retained part of the proceeds derived from the sale of 102 head of cattle, purchased from A. J. Christensen, through B. C. Rogers, employed as its agent, at the agreed price of \$6,900.16; that the cattle were shipped in interstate commerce to respondent at Los Angeles, Calif.; and that respondent, although accepting the cattle, refused to pay the agreed purchase price and paid only \$3,000, leaving a balance of \$3,900.16. On May 25 Christensen filed a complaint seeking recovery of damages claimed by reason of the refusal of respondent to pay the balance of the purchase price of the cattle. A hearing was held on January 18, 1939. The examiner's report was served on respondent, to which exceptions were filed. From the evidence adduced in this case, the Secretary concluded that reparation should be awarded A. J. Christensen in the amount of the unpaid balance of the purchase price. Therefore, on June 26 respondent was ordered to pay the amount claimed with interest thereon at the rate of 6 percent per annum from April 25, 1938, until paid. Respondent was also ordered to cease and desist from engaging in the unfair and deceptive practice and device of retaining or appropriating the net proceeds, or any part thereof, derived from the sale of livestock which has been consigned to it for sale at a stockyard, and refusing to make good checks drawn in payment for such livestock by its authorized agents.

*Docket No. 1179.—In re Steffens & Mueller, Inc., vs. Frank's Poultry House, Chicago, Ill.* On November 14, 1938, Steffens & Mueller, Inc., filed an informal complaint against Frank's Poultry House, alleging that defendant owed the complainant at that time a balance on account of \$87.28 for live poultry purchased in February 1938. A copy of the complaint was served on defendant on November 23, but defendant failed to answer the complaint. On January 4, 1939, the Secretary directed that a hearing be held on January 6. At the hearing the

defendant admitted owing the account, but stated that he had filed a petition in bankruptcy and had listed in his petition the amount of complainant's claim. From the record made, it appears that the complaint should be dismissed for the reasons that the claim had been listed in the bankruptcy proceedings and that it was not filed with the Department within the 90-day period as required by the act. Therefore, on June 3 the case was dismissed.

*Docket No. 1196.—In re Vito Scarangella*, doing business as *Scarangella Chicken Market*, Brooklyn, N. Y. The Acting Secretary of Agriculture on February 16, 1939, ordered that a hearing be held to allow applicant an opportunity to show cause why his application for a license to buy, sell, and handle live poultry in commerce should not be denied. At the hearing held on April 18, Miss Palma Scarangella, a daughter of Vito Scarangella, appeared and testified and requested that the application of her father for a license be withdrawn and that there be considered in lieu thereof the application of Maria Scarangella. Upon a review of the record, it appears that Maria Scarangella, doing business as *Scarangella Live Poultry*, should be granted a license. Therefore, on June 3 she was granted a license under title V of the Packers and Stockyards Act.

*Docket No. 1198.—In re Main Live Poultry Market*, Newark, N. J. The Acting Secretary of Agriculture on February 16, 1939, ordered that a hearing be held to allow the applicant an opportunity to show cause why its application for a license to buy, sell, and handle live poultry in commerce should not be denied. A hearing was held on April 19. Upon a review of the record it appears that the applicant should be granted a license. Therefore, on June 3 the *Main Live Poultry Market* was granted a license under title V of the Packers and Stockyards Act.

*Docket No. 1199.—In re M. Arnold Hemp*, Lancaster, Pa. The Acting Secretary of Agriculture on February 21, 1939, issued an inquiry and notice of hearing alleging that respondent had violated the Packers and Stockyards Act in that it had used unfair, unjustly discriminatory, and deceptive practices and devices in connection with buying and selling livestock in commerce and had failed to furnish adequate bond coverage. Respondent acknowledged receipt of a copy of the inquiry and notice of hearing, but failed to file an answer. Therefore, a hearing was held on March 10. On April 17 respondent accepted service of a copy of the examiner's report, proposed findings of fact, and recommended order, and on May 1 filed a bond in the amount of \$2,000, which was accepted as a satisfactory bond coverage. On June 3 respondent was ordered to cease and desist from the unfair and deceptive practice and device of engaging in business as a market agency and dealer without executing and maintaining a bond or other satisfactory form of indemnity. It was further ordered that the registration of respondent as a market agency be suspended for a period of one year, and that respondent shall keep proper accounts, records, and memoranda pertaining to his transactions as a dealer.

*Docket No. 1202.—In re Arnold and Overstreet Livestock Commission Co.*, West Fort Smith, Okla. The Acting Secretary of Agriculture on March 1, 1939, issued an inquiry and notice of hearing under the Packers and Stockyards Act, alleging that respondents were insolvent, in that they were unable to pay their debts as they became due in the usual course of business; that they had made use of funds in their possession in such a way as to endanger the prompt and faithful accounting and payment for livestock received by them as a market agency; and that they had so handled the proceeds from the sale of such livestock as to cause them to be intermingled or confused with other accounts or funds of respondents. On April 14 respondents acknowledged receipt of the inquiry and notice of hearing, admitted the truth of the matters and things alleged, and waived a formal hearing thereon. On June 3 respondents were suspended from registration as a market agency for 6 months, with leave, however, to apply to a revocation of such suspension upon satisfactory proof to the Secretary that they are solvent. It was further ordered that respondents cease and desist from making such use or disposition of funds in their possession or control, as will endanger or impair prompt and faithful accounting for and payment of such portion thereof as may be due the owner or consignor of such livestock, or other person having an interest therein, and that they shall cease and desist from so handling funds to be intermingled or confused with their own accounts or funds.

*Docket No. 1204.—In re Nathan North vs. Garden Street Live Poultry Market, Inc.*, New York, N. Y. On January 19, 1939, Nathan North filed a complaint seeking reparation in the sum of \$2.70 against defendant. A hearing was held on April 19, at which time both parties were represented by counsel. At the close of the hearing the amount claimed as reparation was paid and counsel for both parties requested that the complaint be dismissed. Therefore, on June 3 the case was dismissed.

*Docket No. 1207.—In re Bloomfield Avenue Live Poultry Market, Belleville, N. J.* The Acting Secretary of Agriculture on March 29, 1939, ordered that a hearing be held to allow applicant an opportunity to show cause why its application for a license to buy, sell, and handle live poultry in commerce should not be denied. Such a hearing was held on April 18, and from the evidence adduced at that time it appears that applicant should be granted a license. Accordingly, on June 10 a license was granted to the Bloomfield Avenue Live Poultry Market, under title V of the Packers and Stockyards Act.

*Docket No. 1209.—In re Carcillor Live Poultry Market, Newark, N. J.* The Acting Secretary of Agriculture on March 31, 1939, issued a notice of hearing and order to show cause why the application for a license to buy, sell, and handle live poultry in commerce, made by applicant under title V of the Packers and Stockyards Act, 1921, should not be denied. Since filing the above-mentioned application, the applicant has discontinued handling live poultry. Therefore, on June 10 the case was dismissed.

#### Stockyards Posted

During the month of June 1939, the following stockyards were posted as coming within the jurisdiction of the Secretary of Agriculture under the Packers and Stockyards Act:

Greenville Stock Yards, Greenville, Miss., June 7.  
Ainsworth Sales Market, Ainsworth, Nebr., June 17.  
Bassett Livestock Sales Co., Bassett, Nebr., June 19.  
Atkinson Livestock Commission Co., Atkinson, Nebr., June 19.  
O'Neill Livestock Market, O'Neill, Nebr., June 20.

#### Stockyard Withdrawn From Jurisdiction

Montevideo Livestock Sales, Inc., located at Montevideo, Minn., was withdrawn from the jurisdiction of the Secretary on June 22, 1939.

### PERMITTED DIP FOR SCABIES

#### Distributor

Permission has been granted by the Department to Jensen-Salsbery Laboratories, Inc., Kansas City, Mo., to distribute Lariat Brand Cattle Dip for use in official dipping of sheep and cattle for scabies under the name "Jen-Sal Concentrated Lime & Sulphur Solution," in accordance with the provisions of B. A. I. Order 309. The dilutions at which this dip is permitted to be used are as follows:

For sheep, 1 gallon of concentrated solution to 20¼ gallons of water.

For cattle, 1 gallon of concentrated solution to 15 gallons of water.

### APPLICATIONS FOR SICK LEAVE

The attention of all employees is directed to the requirements of paragraph 14 of Department Regulation 2521 in the matter of submitting applications for sick leave.

When absence because of illness is for periods of 3 days or less, the applicant is required to sign the certificate on the reverse side of the application for leave (Form AD-17a) and state the reason as to why no physician was employed. A total of not more than 12 days' sick leave in any 1 calendar year in periods of 3 days or less may be granted upon the applicant's signed statement.

Applications for sick leave for periods of more than 3 days must be supported by a certificate of a registered practicing physician or other practitioner. The certificate on the lower half of the reverse side of Form AD-17a may be used, or a separate certificate on the attending physician's stationery and attached to the application for leave is acceptable. If a separate certificate is secured, it should include all information required by the certificate on the application for leave form.

### DEBT COMPLAINTS AGAINST EMPLOYEES

Department Regulation 1546 provides that although the Department will not permit itself to be used as a collection agency, it will not consider as a fit employee anyone who contracts a just debt and then without sufficient excuse neglects to make payment. It provides further that upon receipt of a complaint of non-payment of a debt, the complaint will be referred to the proper Chief of Bureau, who will obtain a report in writing from the employee concerned, which, together with a summary of the conclusions reached by the Chief of Bureau in the matter,

will be made a part of the official record and considered by the bureau committee on efficiency and promotions in making up the efficiency register. It also provides that the Chief of Bureau may recommend to the Secretary that charges be preferred against an employee who contracts a just debt and then without sufficient or reasonable cause, neglects or avoids payment thereof.

In some cases it has been determined that the employees concerned have submitted false or misleading information with respect to their indebtedness and ability to pay, and have been evading their responsibilities without justification, knowing that their salaries were not subject to attachment.

In cases where the amount involved is in dispute, it has been the policy of the Department not to attempt to render a decision as to the proper amount but to insist upon payment, in installments if necessary, of the amount which the employee admits is due from him. In cases where judgments have been secured, it has been the policy to insist that the employee arrange to satisfy the judgment or take action to have it modified or set aside.

### LONG-DISTANCE TELEPHONE CALLS

(Amending notice on p. 57 of Service and Regulatory Announcements for May 1936)

Effective immediately, a certificate (Form AD-102) will be required for each long distance telephone call even though the charge is less than 50 cents.

Department Regulation 1674 as amended by amendment 91, dated May 25, 1939, covers long distance telephone calls.

### NEW FILM STRIP ON TUBERCULOSIS AVAILABLE

"Eradicating Tuberculosis from Livestock and Poultry" is the title of a new film strip just released by the Department. It illustrates ways in which tuberculosis may attack livestock, and practical methods for its prevention.

While the United States is now practically free of tuberculosis of cattle, the new strip is intended to help preserve this desirable condition and also to create interest in eradicating the disease from swine and poultry. The film was prepared, co-operatively, by the Bureau of Animal Industry and the Extension Service.

### NEW PUBLICATIONS OF THE BUREAU

[The Bureau keeps no mailing list for sending publications to individual employees, but sends copies to officers in charge of stations and offices. These publications should be regarded as notification copies. So far as possible additional copies will be furnished on request.]
